YOUTH FARMER REFERENCE

Dear Reference Writer,

Please have a conversation with the student for whom you are writing this reference. Ask for information about the Youth Farm and their interest in the program. Then take a moment to answer the questions listed at the bottom of the page. Your perceptions of them are very important to our selection process, and we thank you in advance for your thoughtful responses.

We receive more applications than we have open positions and give preference to applicants whose materials arrive on time. Please assist this applicant to meet the deadline. Feel free to call us with questions or comments. You can write on the back of this page or attach a separate sheet of paper. **Please mail or fax your reference to Jen Anonia at the above address or e-mail gardens@foodforlanecounty.org no later than April 25, 2024.**

The Youth Farm provides education in gardening, nutrition, and financial literacy, and training in job skills, teamwork, and leadership. The program runs from May – September and the youth farmers grow organic produce for sale and for distribution to low-income households through FOOD for Lane County’s network of hunger relief agencies.
